

EURO APPLICATION preview

Are you applying for a 5-week micro-EURO or 10-week (full) EURO award?

- 5-week (1)
- 10-week (2)

Please fill out your faculty contact information below:

- Name (1) _____
- Academic Title (2) _____
- Academic Department (3) _____
- Buffalo State Email (4) _____
- Office phone (5) _____
- Cell phone (6) _____

Please provide a short (300 words or less) description of your research and/or scholarly interests relevant to this EURO project.

Your student's information:

- Student name (1) _____
- Banner ID (2) _____
- Buffalo State email (4) _____
- Major (or Undeclared) (3) _____
- GPA (5) _____

Number of credit hours student has completed by the end of the previous regular semester (excluding AP credits and dual credit courses from high school)? EURO students must have completed at least 12 credits and no more than 60 credits at the time of application.

Provide a short statement about the student's academic and research background. Students are only eligible to participate in 1 full EURO project, or 1 micro EURO and 1 full EURO.

Describe the proposed student activities during the timeframe of the award.

Describe your mentoring plan. How do you intend to mentor and guide the EURO student during the project to: (1) make sure they receive enough support to complete the project; (2) engage

the student in a genuine scholarly activity; and (3) ensure they are making steady and sufficient progress on their project.

EURO students should be encouraged to participate in Buffalo State's annual Student Research & Creativity Conference (SRCC), held every Spring. Student Abstracts will be due online via the OUR-SRCC portal sometime in late March or early April. Are there any other ways that you or the student might disseminate the results of their EURO project? If yes, then describe when and how that might happen.

EURO awards can include access to ~\$200 of funds to support purchasing items needed for the student to complete their project. Will you need to use these funds to facilitate the scholarly activity you are proposing? If yes, what do you need to purchase? Are there any other sources of funding available to you (department, school, grants, awards, union, etc.) to support your work with this student?

If funded, will the EURO student be working with other undergraduate or graduate students under your guidance on this or a related project? If yes, please explain how that will be managed.

Are you interested in recruiting a second EURO student for this semester, if funds are available? Generally, faculty are limited to only 1 EURO-supported student per semester.

- No (1)
- Yes (2)
